PAKISTAN**

# **Higher Education Institutions Alert**

## **Accreditation of Four Years Technology Degree Programs at Bachelor Level**

NATIONAL TECHNOLOGY COUNCIL ( NTC ) is pleased to announce that Higher Education Commission has permitted NTC to launch Accreditation of B.Sc. Engineering Technology Programs w.e.f 15<sup>th</sup> December, 2017. All Degree Awarding Institutions / Higher Education Institutions (HEIs) having undergraduate Engineering Technology Programs are therefore informed to seek accreditation of their Technology academic programs and contribute towards streamlining of technology education in the country.

- a. Accreditation shall be in accordance with accreditation policy as contained in NTC's Program Accreditation Policy and Procedures Manual, available on NTC website.
- b. B.Sc. Engineering Technology Programs given on the website as part of Scope of NTC will be accredited.

The Degree Awarding Institutions (DAIs) / Higher Education Institutions (HEIs) may apply for accreditation by 15<sup>th</sup> February 2018 and be a part of NTC's Accreditation plan 2018.
